

The CEE Department Presents

BUILDING PANAMA CANAL

The Untold Story

Paul Giroux
Senior Engineer

Kiewit

Veteran builder and award winning civil engineering historian Raymond “Paul” Giroux will share his in-depth research of the Panama Canal’s construction in a remarkable story as never before told. Utilizing historical photographs and stunning animations Paul will bring the construction of the canal to life. This lecture will probably be the closest you’ll ever get to feeling like you were there helping build the canal, and all without the danger of getting Yellow Fever.

**BILGER HALL 335
1:30 – 2:45 pm
Thursday, Feb. 19, 2015**
