

## SPECIAL SEMINAR

# Finite Element Simulation applied to Geo-Disaster Prevention

Wed. 24<sup>th</sup> of Jan. 2024 @16:00-17:00

Place: Holmes 287

Sign-in form →

Contact:

**Prof. Phillip Ooi**

Chair, Civil, Environmental & Construction Engineering, UHM

E-mail: [ooi@hawaii.edu](mailto:ooi@hawaii.edu)

Topics covered:

- ✓ Simple Constitutive Model of Soil
- ✓ Earthquake-induced Rockslide
- ✓ Creeping Landslide

Speaker

**Prof. Akihiko WAKAI**

Civil & Environmental Engineering  
GUNMA UNIVERSITY

Prof. Wakai's research interests include rainfall-induced landslide prevention in Asia and elastoplastic and numerical modelling for soil slope failures. He has received numerous honors including the Japan Landslide Society best paper award.
